

Twin Butte Energy Ltd. is a value-oriented intermediate producer with a significant inventory of low risk drilling, providing attractive rates of return, focused on large in-place conventional medium and heavy oil pools. Twin Butte's production base provides a platform allowing the Company to live within cash flow while providing shareholders a sustainable dividend and moderate per share production-growth potential over both the short and long term. Twin Butte is committed to continually enhancing its asset quality while focusing on the sustainability of its dividend. The common shares of Twin Butte are listed on the TSX under the symbol "TBE".

We are currently recruiting for a Surface Land Coordinator. Reporting directly to the VP, Engineering, this position will be located in our Calgary Office. Working along with two existing surface land coordinators and one surface land administrator this position provides the opportunity to be involved in a full range of responsibilities including the following:

Accountabilities and Responsibilities:

- Accountable for handling all aspects of surface land for a designated area including acquisition, rental, landowner, field inquires, third party agreements and A&D.
- Responsible for the supervision of land brokerages, surveyors and environmental companies.
- Audit, process and prepare land packages for licensing and construction.
- Maintain all documents related to surface leases, registrations and monthly obligations.
- Maintain timely input and integrity of land data in all databases and electronic systems.
- Timely response to requests and queries from landowners, service companies and government regulatory agencies.
- Works closely with internal stakeholders including drilling, operations and accounting, etc.
- Ensure ongoing contractual obligations are met.

Qualifications:

- 5+ years' of surface land experience.
- Knowledge of crown and freehold surface rights.
- Previous experience with third party agreements and related CS Explorer file management would be an asset.
- Petroleum Land Administration Certificate would be an asset.
- Experience in Alberta, Saskatchewan and IOGC would be considered an asset.
- Self-motivated, energetic and a bias for action.
- Proven ability to work effectively in a team environment.
- Superior analytical skills to identify key issues based on relevant data and provide appropriate solutions/recommendations.

If you are interested in this career opportunity, please submit a resume by June 12, 2015 to HR@twinbutteenergy.com. Please include the job title in the subject heading.

Twin Butte Energy thanks all applicants for their interest but only candidates chosen for an interview will be contacted.
